3 PERILED AS PITTSBURG MAN AMUCK MEXICAN PRESIDENT, WIFE SHOT BY YOUTH

'ROUND 'N' 'ROUND

An appointment is a contract; if you break it you are not honest.

That's what H. M. Stansifer says about it, and we add an amen to that for the benefit of the person who will probably read this and know exactly what we mean.

And while we were in a note book looking for the exact wording of the item leading this column we found a couple of other good ones that had attracted enough interest to be jotted down.

There are two levers to move men—interest and fear. Napoleon said that, and he ought to know.

IT IS NOT ALWAYS EASY
To apologize.
To begin over.
To admit error.
To be unselfish.
To take advice.
To be charitable.
To keep on trying.
To think and then act.
To profit by mistakes.
To forgive and forget.
To shoulder a deserved blame.
BUT IT ALWAYS PAYS.

We don't believe the world is growing worse. We are merely adding to our facilities for finding out about its wickedness.

Another funny sight is a father striving to store enough wealth in order to deprive his children of the chance for the character building struggle which he himself enjoyed.

When more men realize that it is not the spasmodic spurts, but what they do every day which determines their success, then men will be happier and the boss will have more time to devote to their welfare.

A surprising number of boys turn out well in spite of the restraining influence of their parents.

The question for each man to settle is not what he would do if he had the means, influence and educational advantages, but what he will do with the things he has.

Someone probably thought of this long before we did, but after reading reports of recent sessions of the Senate and House of Representatives, Markham's Vision of Semiramis is recalled:

And so she babbles by the ancient road.
While cities turned to dust upon the earth

Rise through her whirling brain to live again—
Babbles all night, and when her voice is dead,
Her weary lips beat on without a sound.

Martinez Claims New Industry Lost By Lack Of Water

MARTINEZ, Feb. 5.—According to the Martinez Chamber of Commerce negotiations for the location of an eastern paper mill on the waterfront here have been practically halted.

O. K. Smith, secretary of the chamber, declared that the lack of cheap water here proved a stumbling block to the final step that would mean location of the mill here, as all other requirements were met.

Although the California Water Service corporation could serve the 2,000,000 gallons of water needed daily by the concern, the price would be prohibitive, according to plans to appeal from his conviction. Irving also was fined \$500.

SUBMARINE MEETING TUESDAY

LONDON, Feb. 5.—(U.P.)—"Speed" became the watchword at the five-power naval conference today, with four significant developments reported.

First, the "Big Five" met, and decided to call a plenary session at 11 a. m. Tuesday to discuss submarines. Humanizing of submarine warfare was looked for.

Second, the United States, Japan and Great Britain discussed not only an extension of the battle-ship building holiday until 1936, but also an actual reduction in the number of their present battle-ships. No agreement was yet reported.

Third, it was learned the Americans will insist that all agreements reached here be embodied in a single treaty.

Fourth, the French and English were near a compromise on their respective stands for limitation by total tonnage and by ship classes.

Pressure for speeding up the conference was exerted at a meeting of the five delegation chiefs.

At the suggestion of British, German representatives, Premier J. Ramsay MacDonald told the others they should work faster. All of them agreed.

The parties are working toward each other, and will ultimately meet at Bay Point.

The parties are associated with the United States Geological survey, and the state engineer's office. Data they obtain will be filed at Sacramento and Washington.

Starting its survey near Niles, Buckingham's party worked toward Martinez, while the one headed by Rutledge began near Tracy and worked westward.

Although the surveyors work is part of a general survey to secure data for the general state water conservation program, their work in this district will be made particularly applicable to the salt water barrier proposal.

CRIME LIST GROWS IN WILD WEEK AT CHICAGO

CHICAGO, Feb. 5.—(U.P.)—Murderers, bombers and bank robbers terrorized bankrupt Chicago today in what police called one of the worst crime waves in the city's history.

The tenth man to be shot in the streets here in six days fell critically wounded on the University of Chicago campus. Seven of the others, moved down with machine gun or revolver fire, have died.

The 13th explosion since the first of the year, presumably caused by racketeering gangsters, wrecked two stores, sent dry goods and shoes sailing through the streets, impaled scores of families, and caused \$35,000 damage.

Bank Robbed
The second bank robbery of the new year terrified a dozen employees and customers. Two robbers fired shotguns in a bank in the exclusive suburb of Hubbard Woods and escaped with \$2000.

The epidemic of holdups, apartment house robberies and slung continued unabated. There (Continued on Page 8)

8 HELD IN MURDER PLOT

MEXICO CITY, Feb. 5.—(U.P.)—Pascual Ortiz Rubio was shot in the left jaw by a young black-clad assassin today a few hours after taking the oath as president of Mexico.

His wife and his aide, Sostenes Garcia, were injured by flying glass as the man fired into their car.

A bystander fell with a bullet wound.

Niece Hurt
The president's niece, Maria Roch, also was cut by glass.

The assassin was captured by a motorcycle policeman and was taken into the royal palace, before which the shooting occurred.

The victims were taken to the Red Cross hospital, where doctors probed for the bullet that struck the president.

The president's condition was announced as satisfactory by his predecessor, former President Portes Gil, who added that none of the others were seriously hurt.

Shots Fired
Ortiz Rubio had driven to the National palace from the great national stadium, where more than 50,000 persons heard him repeat the constitutional oath and promise a "constructive" administration. At the palace his cabinet was sworn in and his toast drunk in champagne.

As he prepared to leave the palace for his private home the assassin opened fire. He fired five or six times. Ortiz Rubio was the only member of the presidential party struck by a bullet.

Mrs. Ortiz Rubio was in a car with the president's secretary, Col. (Continued on Page 8)

C., that a parole for Dr. Frederick Cook had been recommended, effective March 5, gave rise today to speculation over payment of fines totaling \$12,000 levied against the one-time explorer on his conviction of misuse of the mails. It was presumed here Cook would be permitted to take a pauper's oath, in which case he would serve an additional 50 days.

CARQUINEZ ARRIVALS
A. G. Taschner of Oakland, B. J. Boyd of San Bernardino and D. C. Band of Selby registered at the Hotel Carquinez yesterday.

STREET ROLLER ON WILD RIDE CRASHES INTO HOUSE HERE

When Mrs. Charles Stockard, 179 Jordan avenue, and her son, Bob, went to downtown Richmond yesterday afternoon, they left their house safe and sound.

But when they returned, it was a different story.

Perched upon the front lawn, its nose curving a gash in the stucco finish of the home, was a six-ton gasoline street roller, the property of the city of El Cerrito.

Yesterday afternoon Fred Begerow, who pilots the mountain of metal, got upon his trusty steed and drove it into Mira Vista to roll down some bumps in a street at the top of the hill. For a half hour Begerow worked, guiding the machine back and forth.

Finished with his task, the driver turned the machine in the middle of the street, and headed home. Going down the hill, he attempted to shift into low gear. But the roller refused to be shifted.

Gains Speed
As Begerow tugged with the gear shift, the roller gained speed until it was going down the street like the well-known "house afire." Bumps, ditches and vacant lots failed to halt its progress. The driver crouched in his seat, trying to hold onto his hat, the steering wheel and the gear shift lever at the same time.

Suddenly, ahead of him loomed the "Stockard house, which sits in a slight depression. Concrete stairs lead from the sidewalks to the house.

On the roller went until its rear scraper apparatus in the rear dug into the sidewalk and brought it to a halt with a bang against the house.

Lucky Stop
If the scraper, which acted as a tail skid, hadn't halted the wild flight of the roller, it is believed that it would be still going places with remnants of the house attached to its side.

With the sudden halt, Begerow breathed a sigh of relief and searched himself for injuries. He found a slight scratch upon his right hand.

The stucco finish of the house was badly damaged; the concrete stairs and sidewalks were torn up and a big bay window was completely shattered. The front end of the roller was badly damaged.

Rescue Efforts
Today an attempt will be made to drag the roller from its perch back to the highway.

The apparatus was purchased several months ago by the city of El Cerrito at a cost of \$3000.

Stockard, who is employed by the sugar refinery at Crockett, was unable to estimate the amount of damage to his home.

MARTINEZ, Feb. 5.—Mr. and Mrs. J. H. Shaw of Richmond, were today empowered by Superior Judge A. B. McKenzie to accept \$500 in full settlement of their claim against the Richmond school board for damages.

A number of Richmond Masons attended an interesting meeting of Carquinez Masonic lodge at Crockett last night.

Prof. George Haley was the speaker. His topic was entitled: "Life on Privileged Islands and the Seal Fur Industry."

Refreshments were served at the conclusion of the meeting.

29 Flealess Canines On Exhibit Here

Perched upon window sills, desks and cabinets, 29 owl-eyed dogs gaze at those who enter the offices of the city superintendent of schools at the Lincoln school.

For Florence Codgella, an employee of the city school department, has made a hobby of collecting china and terra cotta dogs of all sizes, ages and colors.

Several months ago, Miss Codgella started her collection. Since that time friends, relatives and visitors have presented her with numerous dogs modeled in clay, china, terra cotta and other material.

At the present time, she has 29 of these dogs in the office and several more at home. She declared yesterday that she doesn't know how many dogs she has.

She has collected dogs that can be housed in a match box, dogs that are almost life-sized, black and white dogs, "yaller" dogs, bull pups, fox terriers, airdales, police dogs, hound "dawgs" and just plain, ordinary, every day dogs.

She declares that she will continue her collection of canine pets.

RICKS GIVEN STATE LICENSE

MARTINEZ, Feb. 5.—Word was received here today from Sacramento to the effect that Stephen Barnson, real estate commissioner of California had signed the findings of Fred Athern, special commissioner, in reversing the rulings of Barnson in refusing brokers' licenses to C. A. Ricks of Martinez.

Announcement that 1929 and 1930 broker's licenses will be mailed to Ricks immediately, were made with the signing of the findings.

Athern in his findings, stated that more than 90 percent of the testimony against Ricks was hearsay, and ordered the issuance of the license.

TEAR BOMBS DISLODGE GUNMAN

PITTSBURG, Feb. 5.—(U.P.)—The lives of three men were endangered and 20 peace officers were kept busy for three hours before Jack Helm, 40, employee of the Pittsburgh city water department, was captured and unarmed here tonight.

Helm had barricaded himself in a house and was apparently intent on fighting it out with officers when he was driven from the building by tear bombs.

He added drama to the episode with a number of telephone calls from the house, including one to his sister in San Francisco, Amy Helm, to whom he said:

"I have killed a man and am going to kill more."

Believed Insane
Fellow workers said Helm had been grumbling at orders for several days and officials said he appeared to be mentally unbalanced.

Late today he had hauled out a revolver and forced the man he was working for, Bob Heck, into the house.

He fired at Heck, and the latter made a dash for the outside. As Heck ran to get out of range of the bullets, six shots were fired at him, but all missed.

Then Helm called for Roy A. Watkins, city manager, whom he had threatened before Heck, but Watkins did not answer the telephone.

Man Shot

In the meantime, deputy sheriffs had been called from Martinez, where Helm was taken after his capture, and they surrounded him. He telephoned for the chief of police to interview him and to come unarmed. The chief walked boldly in front of Helm's gun and talked to the man but there was no attempt to harm him.

Then deputy sheriff Joe Gomez risked his life to whip the screen from the window of the room in which Helm was hiding, so that tear bombs could be used.

As Helm walked out of the house he dropped his revolver and stooped to pick it up. While he was bent over, deputy sheriff Joe Joseph shot him in the leg, but it was only a flesh wound.

JAIL SENTENCE BECOMES HABIT

John Williams, negro, can't take a hint—but he can accept a 30 day county jail sentence without a protest. Especially when a longer jail term is hanging over his head if he is inclined to talk himself into it.

Williams received a 30 day jail sentence from Police Judge C. A. Odell yesterday. The charge was vagrancy, and followed close on the heels of a similar one for which Williams had received a 10 day city jail sentence.

When Williams was released from the city jail sentence several days ago it was hinted—ever so gently—that if he didn't find a steady job and become a useful citizen his presence in Richmond was not desired.

Williams refused to take the hint and a short time later was again arrested in a department store here. Yesterday he appeared in the local police court. Williams said that his experience here were the first with police—and if he has his way it will be his last.

He remarked as he was being led away by an officer to start his journey to Martinez.

MRS. HUFF RECOVERING

Girls, Midyears—and Mothers

The melancholy days have come, the saddest of the school or college year—(slightly to paraphrase Henry Wadsworth Longfellow)—When all the girls, and all the mothers of the girls, are worrying themselves sick over MIDYEARS.

Fathers and sons, we have more than a suspicion, never get quite so wrought up over the matter! But even the most flippant and frivolous date-chasing college girl finds life very serious indeed at just this time. The really brilliant girl student is never so sure of herself. That she can sleep peacefully, during the nights of the midyear examination period. And the average, reasonably conscientious undergraduate who isn't a grind and isn't a slacker and isn't an intellectual prodigy, but comes somewhere in among the three—She, poor child, is "beared stiff!"

And so is her mother! Sometimes it seems as if examinations created more mental and psychological havoc than they are worth—The first suggestion—and it's not as obvious as it looks. Because it is frequently denied. It is simply that each student, do her utmost in the way of the concentrated preparation. Otherwise known as "cramming."

She should not let anybody tell her that "cramming" does no good. Naturally, she cannot accomplish the registered work of four months in four nights of intensive study. Besides she has studied reasonably hard as she went along. She can review her knowledge and bring it up to the surface of her mind.

Where it needs must be accessible in the case of an examination that has to be finished in two hours. Then, if a girl is to make MIDYEARS a victory and not a defeat, she must not only have something in her head, but she must keep her head functioning. As in the case of the boxer, science and knowledge won't help her. It is her head control. Many a really intelligent girl falls into such a state of complete funk over her examinations. Her hands get cold. That she gets mixed up over things which in a calm moment, she knows perfectly well. She doesn't, in the common phrase, "do herself justice." Because, for the time being, her self, her real self, is at the mercy of nervous and panicky and childish self.

When displays only the qualities indicated by the adjective, in the examination room. Yes, we know that it's much easier to preach mental poise and control. But they have to be practiced, if examinations are to be survived triumphantly. And they are, to a considerable extent, a matter of skill power. Finally, any girl is a goose who, during MIDYEARS, doesn't take extra-special care of her health. A cold, a headache, a bit of indigestion may mean all the difference between a pass and a "bust-out." Because the power of matter over mind is as much the truth as the power of mind over matter.

And you can't be at your best mentally, if you are under the physical attack. Training rules for such a mental conflict as a set of examination papers are just as useful as training rules for football games. Keep at work, keep your head, keep fit. There aren't any other rules which we can give the players. Who want to beat the game of MIDYEARS. As for the agonized anxious watchers—The mothers who sit, heart-in-mouth, back home on the sidelines—There aren't any rules at all for them.

CA DISH CA DAY

By Nancy Dorris

Just a salad and broiled steak, or chops, or meat cakes and extra good potatoes constitute a dinner with universal appeal. Proper attention, then, may be given the flavormore meat broiled to taste.

When the salad takes the place of vegetables, the combination of cooked and raw vegetables may be liked, or a combination of raw and green served. In addition to mixing salad and refreshing, the double duty salad facilitates a dinner getting on matinee or bridge day.

New Yorkers accustomed to having a full life of fresh vegetables twelve months in the year, do not have the enthusiasm over the quality of green things in market. The green peas, the young carrots, the green peppers, the string beans and, last but not least, the tender cabbage, call forth approval now and then in mid-winter.

With the broiled steak or chop dinner a poppy salad prepared from southern fresh vegetables will inspire the appetite.

CABBAGE SALAD 1930
Two cups shredded crisp cabbage
One cup grated raw carrot
One cup diced tart apple
One-half cup shredded green pepper
One-half cup chopped pecans
Vinaigrette dressing

FOLLIES OF FASHION

Adapting Low Decolletage To Broad Back, Narrow Hips

By Marguerite Barnes

ALMOST all formal dresses are cut very low in back nowadays, and they are not always flattering. They are especially bad for the type of woman who has broad or fat shoulders and narrow hips. The figure at lower left illustrates this. Observe how

prominent the shoulders seem, especially since the dress is dark. A scarf of chiffon draped over one shoulder, as indicated at upper left, suggests one way of hiding this defect. The dress at the right has a deep V decolletage, which is the best line for a broad back. This is partly hiding the back, also helps

The World's Window

By Pierre Van Paesssen

Paris, January. The National Theatre of Warsaw has just produced a powerful new play by Karl Rosinowski, reports the Observer. The author turns to the life of peasants for his theme.

He starts that the evening in the play took place during a summer holiday which he spent in a West Galician village. A poverty-stricken peasant and his wife are the parents of two sons and a daughter. The father drinks. The elder son goes to the Argentine, and his regular dollar drafts support the family. When the play opens the money has ceased coming, and the family are in deep distress. Suddenly the elder son, extremely changed and smart, arrives home. In the absence of his parents he seeks shelter from his unsuspecting sister. He sleeps. The parents arrive home, and not recognizing the young man, they not only job him but also plan to murder him in order to hide the evidence of their guilt. The daughter is sent out. The father goes to an inn kept by a Jew for a sack in which to hide the corpse. But at the inn he learns the truth about his son and, realizing the full horror of the situation, he rushes home like a madman to discover that the mother has already committed the dreadful deed. And when the peasant woman also learns of the horrible truth she cries out of the window: "People, I have killed my son!" The house fills with the horror-struck villagers, and the Jew from the inn says: "The poor thing only wanted to surprise his parents!"

Holy Grail in Brass

The Observer reports a strange story from Schwaz, a little town in the Northern Tyrol. In the ancient castle of Vompberg quasi-religious rites have been carried out before visitors draped in black with golden crosses on their breasts. The host, in the shining armor of an ancient knight of the Holy Grail, would stand on a platform, preaching to his audience in a sing-song. The place was lit by a crystal cup on a marble pillar. The preacher is the German author, Ernst Oskar Barnhardt, the owner of the castle. He is about fifty-five years of age, and calls himself "Ritter Abruschin," of whom he is considered to be an incarnation. He is known to his friends as "King of the Grail." His native city is Dresden. He became an officer and author and studied Indian and other mystic literature, writing various novels and dramas under the name of Otto von Berneck. In recent years he worked for the films. At a little place in Saxony he founded a religious society, on a philosophic and scientific basis, he says. There are some one hundred and twenty members, consisting of German doctors, employees of technical and various other professions, ex-officers, etc. His mission is to "prepare man for Heaven." After severe examinations and mysterious ceremonies they solemnly receive the golden cross of the Grail, made of brass.

A Boying Hint

If you are buying new towels better get those with fringed ends. There is a strong revival of this heavily fringed type probably as a natural sequence to the popularity of fringe on curtains as well as tablecloths and napkins.

You and Your Child

Earning Money

"YOU'RE late for your music lesson!" says Harry's mother, angrily. "Your teacher's been waiting fifteen minutes. 'Oh, I'm sorry,' answers Harry, penitently. I've been shoveling snow, and I earned 45 cents. I didn't know it was so late, honest. I need some money awful bad to buy Christmas presents."

Surely, not a bad boy, this Harry; just a normal chap with a very good excuse. Every nine-year-old boy feels a strong urge to earn money, particularly so when he actually needs the cash. Of course, Harry should not have been late for his lesson, but when we consider all the extenuating circumstances I am sure we shall not be too hard on him.

Earning money is a very good experience for children. How else will they learn to realize that it doesn't grow on trees—or in banks? Through having this little experience, themselves, they will better understand that money comes in return for effort.

Country children have many more opportunities to earn than do city youngsters. They can pick berries and other fruit, deliver vegetables, wash eggs, do some work in the fields, etc. City youngsters look forward to an occasional snowfall, and when it comes, they deliver packages after school, sell Christmas cards which they have painted, and so on.

Because their field is so limited, many parents feel the need of providing additional jobs. Some of these parents pay their youngsters for bringing home acceptable report cards, hanging up their clothes, drying the dishes or running an occasional errand. It seems to be that doing one's duty should not be paid for in cash. We all do things for one another in the home, for which we are paid in love and appreciation, for which he would never dream of receiving a cent. In many homes, however, there are some jobs for which the children are capable of doing it given one chance. For jobs such as these they should receive compensation. Where there is grass to cut, a porch to wash or a furnace to tend, the youngsters are indeed fortunate. But parents living in city apartments have to put their thinking caps on when they want to supply employment for their young ones.

Where there is a will there is a way, however, and as the desire to earn is so strong and such a laudable one, it should and must be satisfied.

That Family Budget

ARE you having trouble with your budget? You have decided to give it up? Do not become discouraged.

A budget must be tried out and this takes time and patience. It will be easier to carry all expenditures daily under the respective headings and each week sum up your columns. At the end of the month balance your account and that will tell the story. If your income is \$300 a month your columns should add up something like this:

Food	\$70
Shelter	30
Operating expenses	45
Clothing	40
Advancement	45
Savings	30

Of course these figures will vary with the individual family circumstances. If there is a maid, operating expenses will be higher. The shelter item may have to be changed as this depends upon whether you own your home or pay rent. The food allowance may have to be modified as this depends upon the number in the family. A month's trial will enable you to adjust your figures to your own particular needs. Each new attempt will, probably, be an improvement on the preceding budget and that is always a step toward the perfect one.

THE TRUTH AND NOTHING BUT

THE Federal Trade Commission announces that tobacco companies hereafter will avoid advertising the anti-fake qualities of their cigarettes, and when advertisements are paid for the advertisements will frankly admit that fact. We look for a sudden growth of truth in advertising—thus:

THE EUREKA CIGARET

(Ask the man who borrows one). —is smoked exclusively by Gladys De Vere, the celebrated talking picture star, who says: "I smoke forty Eureka every day and find they take the place of a throat wash. I escaped pneumonia, the parrot disease, by inhaling an extra pack after breakfast. By consistently dragging at these facts, I put down my Montgomery-Ward common from 136 to 54 and reduced my margin account to a very slender figure. I always reach for a Eureka instead of a restaurant check."

(NOTE—Miss Devere was paid \$2,250 for the above testimonial and her real name is Lizzie O'Toole. As a matter of fact, she smokes nothing but an optimum pipe.)

KID BOZO, the paperweight boxing champ, uses a Carvo Safety Razor exclusively. Read his unstinted praise in this fac-simile letter:

"Every morning of my life, as well as on night nights, I use a Carvo Safety Razor. It gives me a nice, clean shave and feels very soothing to the skin. I'd rather have my mother drop dead than lose my Carvo. I always buy the razor blades in packages of a dozen as I can only count up to ten. There is nothing like the Carvo Safety Razor in the solar system."

For sale everywhere, 12c (nickel).

The finest radio on the market is the SQUEAKETTE, X-207 Model, \$137.16, without tubes, crank case, spare tire or rear fender.

Hear what an enthusiastic purchaser, Mr. Obed T. Wrack, R.F.D. 13, Souderton, Minn., has to say of this marvelous set:

"I have had seven different makes of radios in my home, but I never knew what perfection was until I purchased a Squeakette Model X-207. You can't beat it for selectivity, resonance, distance and tonal quality."

(NOTE—The above Mr. Wrack is stone deaf and will not be as much fun listening to a buzz saw as to any radio set. He says he never knew what perfection was until he purchased a Squeakette, but he records show he failed to meet the first week's installment and consider we got stuck.)

"SHADOWS HUGER than the shapes that cast them"

(Alfred, Lord Tennyson, 1809-1892)

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence

Men who would keep that trim, proper figure, women who prize the modern figure with its subtle, seductive curves—eat healthfully but not immoderately; Banish excessiveness—eliminate abuses. Be moderate—Be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a **Lucky Strike** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain that lithe, youthful figure!

Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste!

"Coming events cast their shadows before"

"It's toasted"

Your Throat Protection—against irritation—against cough.

*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

SPEED, COMEDY PAROS IN NAVY BLUES

William Haines-Geb.
Haines has played everything
from a football player to a Marine,
but his role as an enlisted man
on a destroyer is his most comical
as well as one of the best acted
characters, he has ever given the
screen. It is, incidentally in "Navy
Blues," his first all talking pic-
ture now playing at the Fox-Calif-
ornia theater, that he gives film
fans this new slant on his many
talents.

The Metro Goldwyn Mayer star
is deft as ever with his whimsical
humor, but he has tempered it
with some very serious and re-
markably fine acting in the dra-
matic love story that is the central
theme of the picture.

Clarence Brown, who directed it,
was in many human touches.
There are sensational fights and
a rescue, as well as laughs aboard
ship with the pranks of sailors as
comedy material. Much of the pic-
ture was filmed aboard a destroy-
er at sea.
Haines plays a sailor who loves
a lass, and Anita Page plays the
girl. There is a misunderstanding
a long cruise, and a reconciliation
that follows a dramatic rescue from
a gangster band, and between
these more serious episodes Haines
frolics through fights and pranks
on board ship and ashore. The
Y. W. C. A. social scene, the pro-
gram episode in Manila and inti-
mate details of navy life are in-
teresting sidelights.

Anita Page makes a charming
heroine and Karl Dane as "Sven"
Haines' big "buddy" has a remark-
able character. J. C. Nugent and
Elythe Chapman as the heroine's
parents, Wade Boteler as the tough
officer, Harry Woods as the lieuten-
ant and Gertrude Sutton as the
Swedish sweetheart of Dane are
all excellently cast.

Haines, incidentally, sings the
theme song, "I've Got the Navy
Blues," specially written for the
picture, aided and abetted by a
satchel quartet. It is a "liding," and
catchy song that bids fair to be
one of the most whistled songs
of the season.

Our Gang comedy "Lazy Days" is
also on the program.

Pinkerton Body Taken To Vallejo

The body of William Warren
Pinkerton, Winehaven watchman,
was taken to Vallejo yesterday for
interment. The body was accom-
panied by members of the Elks
Lodge of Old Fellows.

Funeral services were held from
the Wilson and Kratzer chapel.

RICHMOND HAS AN EFFICIENT POLICE DEPARTMENT

**Less Crime
In Richmond
Than In Most
Cities Of
Same Size**

30 Men & Chief Make City Safe

When one considers Richmond's location so close to San Quentin Prison and so close to two large cities, San Francisco and Oakland—it seems surprising that there are not many more crimes committed here.

Richmond would seem to offer an ideal spot for crooks when San Francisco or Oakland get too hot for them. Yet, Richmond can boast of a clean city—very little crime—and a safe place at all hours of the day or night for women and children.

Property loss here is trivial compared to most

cities of this size.

Holdups are few and far between—very few in fact.

Stores are seldom robbed—automobile thefts are not many—crime as a whole has no resting place in Richmond. This speaks extremely well for the efficiency of our police department and its chief.

Chief Daniel Cox has only 30 men with which to patrol the city. These 30 include motorcycle police, traffic officers, etc.

Crooks have long learned to stay away from Richmond. The only crooks that pass through our city are those on their way to San Quentin Prison in charge of officers.

The members of the Police Department are always neatly attired and very polite to the citizens when information is asked. But folks deliberately breaking a law find them very strict in performing their duty. **RICHMOND IS WELL PROTECTED BY ITS POLICE DEPARTMENT.**

MANAGERS LAY PLANS FOR TWILIGHT LEAGUE GAMES

4 NINES ENTER, MORE TO SIGN

Richmond diamond enthusiasts will once more see baseball's hurling thru the falling dusk across the First street lot this spring and summer. Plans for this year's twilight baseball league were laid last night at a meeting of the managers of the teams intending to enter the league competition.

Four nines have already made known their intention of playing in the league. These teams are the Odd Fellows, Mechanics Bank, Lions, and Firemen. All four outfits were members of the league last year.

Several more aggregations are expected to join the league before March 5, by which date all entries into the league must be made.

The managers present at last night's meeting appointed W. L. Seawright as director of the league.

John A. Miller was chairman of last night's meeting of the league managers. The meeting was held at Miller's house, 350 Tenth street.

According to the sentiment expressed by the managers, this year's league will offer plenty of genuine baseball talent to the twilight league fans. Especially close competition featured last year's evening ball games, and local addicts of the sport of baseball have learned to expect a maximum of excitement and interest from these contests. Last year's champions of the league were the Insurance Agents.

The exact date for the opening of the league has not yet been announced, but it will probably start about the middle of spring.

Y. L. I. CAGERS WIN ANOTHER

The Richmond Y. L. I. basketball team continued its winning streak last night by defeating the Laurentian Institute of Oakland at the Oakland Technical high school gymnasium.

At the end of the last quarter the local girls were on the long end of a 38 to 6 score.

The local lineup included: Cecilia Desmond, Helen Maloney, Iram Chatterton, Mae Berk, Louise Novarini, Alice Maloney, Mary Gately, Agnes Campbell and Helen Gately.

'Dead' Telephones Will Be Checked

SAN FRANCISCO, Feb. 5.—(U.P.)—The San Francisco board of supervisors learned today they had been paying bills amounting to about \$2875 a month for telephones installed for county employees who have since died or been deposited at elections. A complete check of the accounts was ordered.

Hayward, Locals To Decide Cage Series Tonight

The Richmond Union high school gymnasium will tonight be the scene of the first home night game to be played this season by the Richmond Union high school cagers. The local high school varsity, B, and C squads will go into action against the "Farmers" from Hayward high school.

The varsity game will decide the championship of a three game series between the Hayward boys and the local varsity quintet. The first contest of this series was won by Hayward, but the imaginary league was tied when Richmond defeated the Haywardites last Friday on the local floor.

Tonight, the Student Body of Richmond high will turn out in full force and the local high school band will be present to aid their warriors in this decisive battle. For many years, Hayward has been probably the main rival of the Richmond boys, and the wins have been pretty well divided between the two schools. Three years ago, Hayward lost to Richmond, but came back the next year to defeat the locals. The Richmond quintet again defeated Hayward last year. Whether Richmond will be able to hold its lead in this rivalry will be decided tonight at the Richmond Union high school gymnasium.

This year's three game series in the B division has already been captured by the Richmond B aggregation, which won its first two games straight without much difficulty.

Having gained one victory and lost one contest this season, the local high school C's also promise a goodly amount of opposition to the speedy Hayward five lightweights.

The C game will start at 7 o'clock, and will be followed at 8 o'clock by the B game, and the varsity battle will conclude the tournament.

Citizens' Girl Scouts Plan To Attend Session

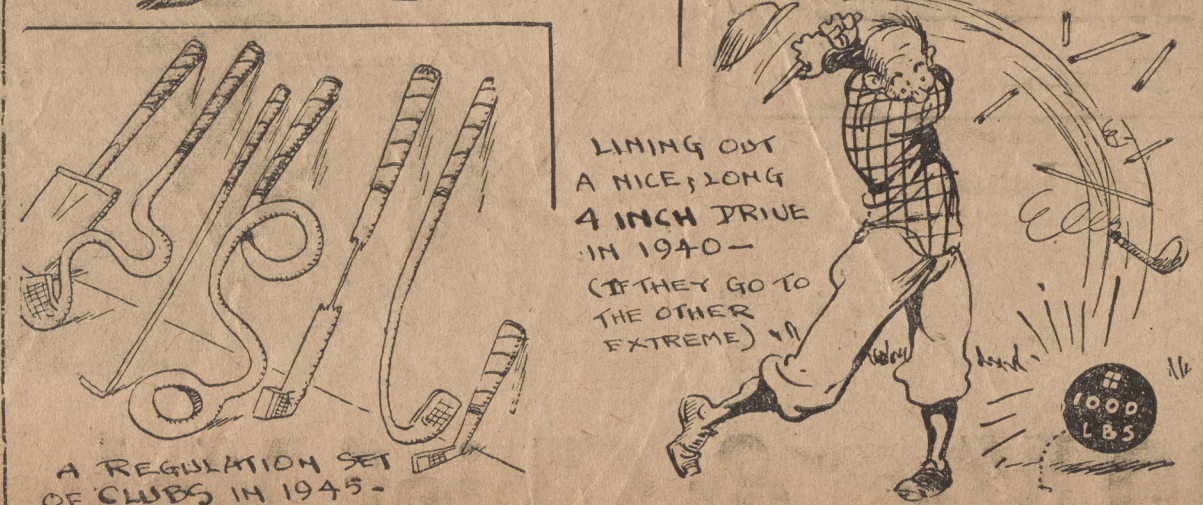

Plans to attend the Girl Scout conference to be held in Astoria Friday, Saturday and Sunday were made by the Citizens' Girl Scout troop last night.

Three local Girl Scout leaders and six members of Citizen Troop are planning to attend the meeting. The leaders are Mrs. Leslie Black, Mrs. J. C. Sutherland and Miss Viola Treanor. Girl Scouts planning to attend are Miss Lorraine Brown, Miss Julia Robbins, Miss Gertrude Heise, Miss Dorris Nyström, Miss Agnes Mortenson and Miss Margaret Godman.

The conference will be under the direction of Miss Vall Stark of Palo Alto, a regional director. Leaders of the New York Girl Scouts will also attend the meeting.

SAN FRANCISCO, Feb. 5.—(U.P.)—J. M. Bozeman of Vallejo defeated Joe Hall, Los Angeles 50 to 41 in an exhibition three cushion billiard match here tonight.

INSULT TO INJURY!

1ST CHRISTIAN Y DIRECTORS CAGERS WIN CONTEST FETED HERE

With but one bucket between them and victory the San Pablo Baptists lost to the First Christian cagers by a score of 15 to 13 last night in the first title play-off in the Y. M. C. A. Church league.

With but 10 seconds to go, the diminutive but plucky San Pabloans were leading 14 to 13. Then the San Pabloans' dreams of victory were shattered when Moore, First Christian center, slipped in a hole shot just before the final whistle. The Christians had the scare of their successful career last night, when the lightweight San Pablo boys squirmed past their defense to add extra points to the San Pablo column on the scoreboard. The extra weight possessed by the Christians was of little use last night.

San Pablo maintained a lead all the way through the first half, and was leading 10 to 7 at half time. The San Pabloans seemed to tire in the third period, and the Christians went into the lead of a 13 to 14 score. The last quarter was anybody's game.

The determined stand of the San Pablo Baptists came as a big surprise to the Christians, for the San Pabloans had just played another close and hard fought game Tuesday night against the Community Methodists for the championship of the B division.

The second game of the Church league finals will be played between the San Pabloans and the Christians Tuesday night at 8 o'clock in the Y. M. C. A. gymnasium. Last night's game was the first of a three game playoff for the league title.

The lineup: First Christians 15—Brown 7, Livermore 4, forwards; Moore 4, center; Abbott, H. Sprague, guards. San Pablo Baptists 14—Molloy 2, C. Cervonka 4, forwards; G. Cervonka 4, center; DeCort 4, Nevis, guards.

ROCKNE SEEN AS BEAR COACH

PORTLAND, Ore., Feb. 5.—(U.P.)—George Hertz, sports editor of the Oregon Journal, said here today in an article published in that paper, that a rumor was current in Pacific Coast Intercollegiate circles, that Knute Rockne will be coaching football at the University of California within the next three or four years.

The article pointed out that the famous mentor was perfectly satisfied with conditions at Notre Dame, but that more favorable weather conditions would eventually lure him from South Bend to Berkeley.

Although Nibs Price has admittedly done a fine job at California, alumni of the Golden Bears are said to be smarting under frequent defeats administered by Glenn Warner of Stanford. This was advanced as an argument that Rockne may come to California in 1933.

STUDENT HEAD DENIES RUMOR
BERKELEY, Feb. 5.—(U.P.)—A rumor that Knute Rockne, Notre Dame coach might succeed "Nibs" Price, as football mentor at the University of California was declared to be "utterly groundless" by John Arthur Reynolds, president of California's Associated Student body here tonight.

"Price's contract has two years more to run and there has been no discussion of what action will be taken in the future," Reynolds said. "Rockne has never been considered."

TEDDY CAGERS BEATEN BY VISITORS

Both the 105 and 95 pound cagers of Roosevelt Junior high school suffered defeat last night at the hands of the Garfield junior high quintets in the Roosevelt gymnasium. The local 105-pound squad was defeated by a score of 9 to 3, while the Roosevelt 95 pounders lost to the Garfield lightweights by a 14 to 2 score.

Roosevelt's 105 pound athletes were unable to cope with the long shots of the Garfield boys, and the locals continually were kept on the defensive by the superior passwork of Garfield.

In spite of their rather heavy defeat, the playing of the 95's was on par with the heavier Roosevelt team. Several odd looking shots from the middle of the floor aided in sending Garfield far into the lead.

The Roosevelt varsity will meet the Garfield varsity aggregation Friday afternoon in the Garfield gymnasium. The attention of enthusiasts at the junior high school has been attracted to the Roosevelt varsity athletes, who are rumored to have formed a first class team for the present season.

First Game
Roosevelt 105 pound squad 3—Waite 1, Kramer, forwards; Carr, center; Cakes, Keenan, guards; substitutes Lewis, Martin 2, forwards; Sheldon, center; Wido, Clinch, guards.

Second Game
Roosevelt 95 pound team 2—McKune, Hosmer 2, forwards; Elliot center; Reso, Mackay, guards; substitute Stark, forward.

Garfield 95 pounders 14—St. John 7, Warton 1, forwards; Hazelton 2, center; Samuelson 2, Smith, guards; substitutes Devlin 2, Silva forwards; Frank, center.

2 KILLED IN PLANE CRASH

GARDEN CITY, Kas., Feb. 5.—(U.P.)—One passenger and a pilot were killed here today when a low-wing monoplane went into a tall spin and crashed north of Garden City airport.

The dead were: Pilot Grey Gardner, about 20, of Wichita, Kas., and Guy or Charles Gardner, about 37, of Garden City. The local man had gone up for a pleasure jaunt. The ship was wrecked but did not burn. The boy stopped at the airport, three miles from the edge of the city while driving past in a delivery truck from his father's ice cream factory. He had never met the pilot, but was taken up for a free ride.

Liver, Gall Bladder and Stomach Trouble Relieved

2946 Morgan Ave. Oakland, Cal. Nov. 19, 1929.
THE HING WANG
Dear Mr. Fong—
I am writing this letter to express my gratitude for the splendid results and benefits I have received from the use of the Chinese Herbs prepared by you.

I had a complication of Liver, Gall-Bladder and Stomach trouble with Eucalyptus, sharp, stabbing pains in the lower right side of my abdomen. The region of the Liver was exceedingly sore and tender; so much so that even loose clothing became irritating and uncomfortable. My Stomach was also very sore to the touch and felt as if there were a lump the size of an egg in it. After meals, food which was very hard to digest, and I was returned to the mouth. This condition steadily became worse over a period of a year. During this time, I was treated by two doctors without any appreciable results. Both decided that an operation was necessary. By good fortune, I came into contact with a man whom you had treated successfully for an Ulcerated Stomach, and he strongly urged me to take your treatment. This I did.

Results were noticeable the very first week, and now, after six weeks, I am entirely free from the terrible stabbing pains and the soreness over my liver. My digestion is good. The old feeling of lassitude has completely disappeared and I feel much brighter and more energetic than I have for years.

I am most happy to strongly recommend the herbs of the Fong Wan Herb Co. as prepared by you. Wishing you unbounded success and again thanking you for what you have done for me, I am Very cordially,
OXRIL MAW.

UPON RECEIPT OF POSTAGE WE WILL MAIL YOU A BOOK ON HERBS (the within the first zone or 15c for more distant zones.)

LIST OF CRIMES INCREASE IN CHICAGO

(Continued from Page 1)

has been an average of 20 such crimes here nightly for the last week.

Police investigation of the murders and bombings revealed merely that all were connected in one way or another with intrigue in the city's notorious underworld. The police department, unpaid for more than a month because of lack of funds, were pressed by state's attorney John A. Swanson to curb the outbreak of lawlessness.

A list of the shootings in the past six days follows:

Shootings Told
Barney J. Mitchell and Glenn Jackson murdered with machine guns while they rode in a taxicab.

Julius Rosenheim, shot to death while walking to a street car.

Joseph Cada, slain by two men riding with him in his automobile.

Philip Marchese, murdered while strolling by a school house.

William Healy, shot by two assailants who chased him up an alley, died today.

Joseph Bucher, slain by strangers when he met them at the door of his home.

John Genaro, "put on the spot" in front of a restaurant; seriously hurt.

Philip Meagher, shot in the back while working on the University of Chicago campus; may die.

"Happy" Davis was wounded by Herbert Milligan when he attempted to hold up the latter's radio store.

All but Meagher were connected with racketeering or bootlegging. Meagher, a 35-year old construction superintendent in the building of a hospital on the University campus, was shot by two bullets. His assailant, escaped in a small sedan. The attack was laid by police to labor troubles.

PRESIDENT OF MEXICO SHOT BY YOUTH

(Continued from page one)

one, Hernandez Chazaro and the chauffeur when the man started shooting. She was slightly hurt by flying glass.

Censorship Held
Immediately after the shooting a rigid censorship was clamped down. It was maintained for more than two hours.

Police were stationed at the hospital and admitted no one. A surgeon extracted the bullet from Ortiz Rubio's jaw and announced the wound was not serious.

Simultaneously it was stated the president's wife escaped serious injury, although it was revealed she had the narrowest sort of escape. A bullet from the assassins pistol grazed her.

Taken Home
Shortly afterwards, Ortiz Rubio was taken in an ambulance, escorted by troops to his home. Senora Rubio had been taken to their home a short time before.

A surgeon said that the president's recovery would be rapid unless complications set in, and that he should be recovered fully within two or three weeks.

The bullet went almost through the face from the left jaw, where it entered. It was extricated from the right jaw, where it was imbedded in the bone.

Assault Named
The latest police announcement gave the assailant's name as Miguel Flores. This was believed to be an assumed name as the man previously had said his name was Daniel Flores, according to police.

Flores appeared to be about 25 years old.

Police said unofficially that Flores had confessed he was a Vasconcelos, an admitted defeat by Ortiz Rubio for the presidency.

Seven Held
Seven other persons besides Flores were held by police for investigation.

J. Reuben Clark, special United States ambassador to the inauguration, and U. S. Charge d'Affaires Herschel Johnson called at the palace to express their sympathy and to felicitate the government on Ortiz Rubio's escape from death.

Although many persons crowded the streets early tonight, the city was quiet. Newspapers issued extra after extra, and all were purchased avidly by the throngs seeking information. Most of the stories were conflicting in details of the attempted assassination.

Portes Gil, the retiring president left the palace a few minutes before the shooting, but returned immediately afterward on being notified. He told newspapermen that Ortiz Rubio's chauffeur had been wounded in the head, but that all the victims were out of danger.

SPIRIT AIDING TAFT LIFE BATTLE

WASHINGTON, Feb. 5.—(U.P.) His gallant spirit and the will to live drew William Howard Taft away from the border of the unknown today.

Although seriously ill, he rallied enough to sit up in his bed and flash one of those famous smiles at a visitor, Herbert Hoover.

Members of Taft's family have been summoned to his bedside. Charles Taft, the former president's son, a brother, Horace Taft, and Mrs. Helen Taft Manning, his daughter, will arrive here tomorrow. Robert Taft, the other son, has indicated his intention of coming here.

President Hoover called briefly when he was informed that the former president and chief justice had shown marked recuperation the first 24 hours since he returned from the south.

A few words of cheer were the excuse and the reason for the visit. Physicians, who earlier in the day reported his "slightly better" after a quiet night, said informally that their patient was considerably improved. He took nourishment during the day in a manner that encouraged the family and friends.

A bulletin issued at the White House at 6:30 p. m. said: "The chief justice has maintained the improvement noted this morning, has rested quietly and taken more nourishment."

The first bulletin of the day said: "Taft is slightly better than yesterday. He spent a quiet night and was comfortable this morning."

Both bulletins were signed by Dr. Francis E. Hagner and Dr. Thomas A. Clayton, Washington specialists.

White House officials kept in constant touch for President Hoover, and issued the bulletins on his condition a few minutes after they were given out at Taft's big three-story home at 2215 Wyoming avenue.
